Get Ready! - Deb Moller - 2021-01-12

The definitive guide to getting ready for and staying safe after a major earthquake in the Pacific Northwest. FEMA recommends being prepared for two weeks of self-sufficiency after it occurs, and this handbook will show you how with clear, informative, and easy-to-implement steps. Recent seismic activity has made national headlines and underscored the fact that the Cascadia fault line off the coast of British Columbia, Washington, Oregon, and Northern California is overdue for a major earthquake. And when it happens, living conditions could be akin to those in the mid-nineteenth century. This handbook covers the supplies you need to stay safely in place, including water, food (and food prep), first aid, sanitation, health and hygiene needs, shelter and bedding, and light/fire. It also includes lists of what to purchase and how to store it, as well as simple exercises to gain

confidence in performing necessary tasks. Learn what to do during and immediately after an earthquake, how to develop a reunification plan, and how to communicate when basic infrastructure is down. It also addresses the particular concerns of those living in coastal areas (the tsunami zone) as well as those outside of the severe impact zone. It covers long-term ways to stay safe without modern conveniences and a crash course in survival techniques should the quake happen before all preparations are complete. Get Ready! presents information in clear, practical, and manageable steps, equipping the reader with the skills to care for themselves and their loved ones should a major earthquake hit. And when it does, the internet will not be an option, making this reference handbook invaluable. If you live in the Pacific Northwest, you need Get Ready!

dating or courtship advice, relationship advice, sex advice, resolving martial conflicts and marriage repair, money management in the home and Child training principles. Issues covered in this book include the following:

***MONEY MANAGEMENT IN THE HOME:** Your goals in money management should include Giving unto the Lord, Avoiding financial bondage through debt, Providing for the needs of the family and Save for emergency. Read books and other materials on finance regularly. Say no to pressure from family and friends. Pray about all financial issues, companies that you invested in and commit your monthly plans to God.

***EXTENDED FAMILY AND VISITATION:** Extended family and in-laws are close relations from both angles. Love, care and understanding should be your guiding principles in relating with in-laws and extended family. Religious programmes supersede all extended family programmes. All close ties to extended family or in-laws before marriage should be broken-off after marriage. You should endeavor not to tell in-laws about your family. Rather you should take

In-laws should be visited in times of needs and whenever you dim necessary they should be visited. ***CRISIS MANAGEMENT IN THE HOME:** Conflict is a reality of life. You need to agree on the type of family planning method e.g. calendar method, use of condom at times. Guide them on how to choose friends and to avoid corrupting relationship. We will nurture our children to spiritual and physical maturity. Inculcate personal study skills in our children and encourage them to study for at least 2 hours at home. How to prepare for a happy marriage; Amazing guide for single and married -

Joseph Moshood - 2012-06-29

This 87 pages and 5,632 words book deals with dating or courtship advice, relationship advice, sex advice, resolving martial conflicts and marriage repair, money management in the home and Child training principles. Issues covered in this book include the following: *MONEY MANAGEMENT IN THE HOME: Your goals in money management should include Giving unto the Lord, Avoiding financial bondage through

debt, Providing for the needs of the family and Save for emergency. Read books and other materials on finance regularly. Say no to pressure from family and friends. Pray about all financial issues, companies that you invested in and commit your monthly plans to God.

***EXTENDED FAMILY AND VISITATION:**

Extended family and in-laws are close relations from both angles. Love, care and understanding should be your guiding principles in relating with in-laws and extended family. Religious programmes supersede all extended family programmes. All close ties to extended family or in-laws before marriage should be broken-off after marriage. You should endeavor not to tell in-laws about your family. Rather you should take all family needs to God in prayer first or consult spirit filled leaders. In-laws should be visited in times of needs and whenever you deem necessary they should be visited. ***CRISIS MANAGEMENT IN THE HOME:** Conflict is a reality of life. One of the causes of crisis in the home is allowing pressure from friends and relatives to increase demand on spouse. Why you should resolve crisis

among you should be based on Love for each other, Stability of home and ministry and Good example to our children. *** CHILD REARING AND TRAINING:** The minimum of two years child spacing is encouraged by family planning experts. You need to agree on the type of family planning method e.g. calendar method, use of condom at times. Guide them on how to choose friends and to avoid corrupting relationship. We will nurture our children to spiritual and physical maturity. Inculcate personal study skills in our children and encourage them to study for at least 2 hours at home. Taking away privilege that the child cherish and Proximity time-out (involving isolating the child emotionally without physical distance) are effective methods of training your children. ***SEX AND PREPARING FOR HONEYMOON THROUGHOUT YOUR MARRIAGE:** Sex questions that you need to answer while in courtship are -How frequent should you have sex?
